AF-TV Member Policies and Procedures

Section 2: Program Content

AF-TV's response to controversial content in programming is to encourage more speech, as opposed to enforcing silence. Furthermore, AF-TV is restricted from censorship or content control, except with respect to recognized categories of Prohibited Content addressed in Section 2.1. AF-TV encourages anyone who disagrees with a program to produce counter-programming presenting an opposing point of view, or otherwise respond to the program in question, subject to the applicable AF-TV membership and/or sponsorship requirements.

2.1. Prohibited Content

Subject to and in accordance with applicable law, presentation of the following material on the public access channel is prohibited:

1. Any commercial advertising or programming including:
 - promotion of the sale of any commercial service or product
 - price information in connection with commercial content
 - commercial calls to action or inducements to buy
 - paid political announcements
2. Unlawful use of any material that is copyrighted or trademarked.
3. Any material which is intended to defraud the viewer or is designed to obtain money by false or fraudulent pretenses, representations or promises.
4. Programming that does not have the necessary licenses, consents, releases or other required authorizations for its use as presented to AF-TV. The foregoing applies to but is not limited, to programming that, according to a reasonable determination by AF-TV, does not have required licenses, consents, releases or authorizations from copyright holders and owners of other intellectual property rights; parents or guardians of children; persons from whom image, performance, location or other consents, releases or authorizations are required; consents as needed to prevent unlawful invasion of the privacy of members and other persons; or consents as needed to otherwise prevent the unlawful or wrongful misappropriation of the image, likeness or other legally protected interest of any person.
5. Programming that is prohibited by law and/or FCC regulations and creates in the final judgment of AF-TV a reasonable basis for concern about risk of liability against AF-TV, its members, Board of Directors or employees. Such content may include, but is not limited to:
 - libel
 - slander
 - obscenity
 - unlawful invasion of privacy
6. All advertisement of (or information concerning) any lottery, gift enterprise or similar operation offering prizes dependent, in whole or in part, upon lot or chance; or any list of the prizes drawn or awarded by means of such a lottery, gift enterprise or scheme, whether said list contains any part or all of such prizes.
7. Solicitation of funds, with the exception that nonprofit member organizations may produce one fundraising program, approved in advance by the Executive Director, per calendar year.

2.2. Indecent, Profane or Patently Offensive Content

When content is not prohibited by law, but is found by AF-TV to be indecent, profane, or otherwise patently offensive to community standards, and not appropriate for cablecasting during times of day when children are mostly likely to be viewing, AF-TV will respond by presenting such programming on an appropriate schedule. AF-TV reserves the right to implement lawful access center Safe Harbor scheduling and related practices including, but not limited to, requirements for advisory warning disclosures as set forth in Section 2.7 below, in order to reduce the risk of exposure of children to indecent, profane, or patently offensive and vulgar programming.

Patently Offensive Content may include, but is not limited to:

- Patently offensive, intense or graphic physical violence against people or animals
- Mutilation or degradation of people or animals
- Abusive behavior against groups and/or individuals
- Patently offensive depiction of medical or surgical procedures
- Patently offensive sexual situations or explicit sexual activity
- Most forms of nudity
- Abusive language against groups and/or individuals
- Profane or vulgar language or colloquial expressions which refer, in context, to explicit sexual activity, sexual contact, sexual organs, excretory functions or matter, or private bodily functions in an indecent, profane, or patently offensive manner.

In addition to the above enumerated examples, the Executive Director may classify

program content as indecent, profane, or patently offensive and inappropriate for children using criteria not listed above but which are, reasonably and lawfully within the scope of those examples.

2.3. Safe Harbor Scheduling

Programming that contains, in the reasonable judgment of the AF-TV Executive Director, indecent, profane, vulgar, or other Patently Offensive Content is permitted on the public access channel only during Safe Harbor hours, from 11 pm to 5 am, subject to the procedures set forth below. Each producer or sponsor submitting a program must certify on the AF-TV Cablecast Agreement form whether the programming being submitted contains any indecent, profane, vulgar or other Patently Offensive Content according to these policies. Each producer or sponsor of such programming must place a viewer advisory warning in the program as described in Section 2.7 below.

The Executive Director, subject to the approval of the Board of Directors, is authorized to implement Safe Harbor scheduling for such programming. The approval of the Board of Directors may be given through the application of general written guidelines or in a specific instance upon request of the Executive Director.

The Executive Director may make preliminary Safe Harbor scheduling decisions when the Executive Director becomes aware that programming has been submitted that includes lewd and indecent, profane, or other Patently Offensive Content. Promptly upon exercising the foregoing authority, the Executive Director shall give the program producer or sponsor the opportunity to be heard regarding the appropriateness of such scheduling decisions. If such programming has been scheduled for cablecast before the Executive Director becomes aware that it contains such indecent, profane, or other Patently Offensive Content, the Executive Director may implement schedule changes and shall promptly notify the producer or sponsor of that change and of the opportunity to be heard on the appropriateness of such change.

The Board of Directors, at a meeting duly called for the purpose, shall review a schedule change decision if requested in writing by the affected program producer or sponsor. The Board of Directors may on its own initiative review any such schedule change by the Executive Director. Such review of a schedule change shall provide the Complainant and Respondent a reasonable opportunity to be heard at a meeting of the Board of Directors and they and AF-TV may present relevant evidence, testimony, documents and arguments.

The authority to impose Safe Harbor scheduling does not create or imply any duty or corporate purpose to pre-screen programs. AF-TV will pre-screen program content only if it possesses or is presented with credible evidence of specific Prohibited Content, or Patently Offensive Content that is scheduled outside of Safe Harbor hours.
